

Hands On! International
Association of Children in Museums

European Museum Academy
A European Museum Expertise Foundation

APPLICATION FOR THE 2024 CHILDREN IN MUSEUMS AWARD

The closing date for applications is **15 March 2024**.

INFORMATION ON THE AWARD

The Children in Museums Award was established in 2011 by the European Museum Academy and Hands On! International Association of Children in Museums. It recognises excellence and innovation in programmes and exhibits designed for children up to the age of 14 years.

THE JURY

The Award is judged by a panel of experts experienced in many disciplines within the museum field who all contribute their time as volunteers. The judges are looking especially for museums, exhibitions, programmes and museum environments that show:

- a commitment to children, to encourage children's curiosity and to stimulate their imagination
- creativity and innovation
- quality learning experiences

The judges will be looking for what is understood as 'public quality'. In this specific case, the museum's commitment to improving children's experiences, growth, learning, well-being through the museum environment, atmosphere and programming.

ELIGIBILITY

Applications are welcomed from children's museums; from education, children's and youth departments in museums; science centres; and from other cultural institutions with a particular emphasis on children's programming. Museums may be long-established or recently opened. However, priority is given to programmes which display recent innovation. Candidates can compete as such or apply with a special (temporary) programme or exhibition. The project entered for the Award, however, must be current and open for viewing in the judging year, i.e. between 15 March and 30 June 2024.

CRITERIA:

Applications will be assessed against these criteria:

1. INNOVATION

For instance, showing new pathways to enlarge subject matters, new ideas for using collections in children's programmes, new ways of using technologies to interact with the content, new forms of actively engaging young visitors, etc.

2. QUALITY OF LEARNING

For instance, creating an overall environment and atmosphere which are conducive to learning, using interactivity to favour understanding, involving children in the conception and design, testing and evaluation of programmes and exhibitions, etc.

3. INCLUSION AND SOCIAL IMPACT

For instance, showing evidence of programmes or initiatives that have a social impact and focus on inclusion and diversity, outreach activities, etc.

4. INFORMATION AND COMMUNICATION

For instance, having an informative website, learning printed and/or digital materials for schools, teachers, parents, etc.

5. STAFF

For instance, showing good management and well-trained and experienced staff.

PRE-SELECTION

There will be a pre-selection of shortlisted candidates published in advance of the Award meeting, details of which will follow later.

INFORMATION ON THE EUROPEAN MUSEUM ACADEMY (EMA)

EMA is a non-profit Foundation established to reflect museums at the international level, to promote research on museography and museology as a high cultural activity, to provide constructive criticism and promote discussion on new exhibitions and museums, and to disseminate museological knowledge and ideas among members of the profession. It aims to promote the conception and development of new as well as of traditional museums as tools of social change. EMA co-operates with Hands On! International Association of Children in Museums for this Award. EMA members of the Jury of the Award are also members of the EMA Pool of Experts.

INFORMATION ON HANDS ON! INTERNATIONAL ASSOCIATION OF CHILDREN IN MUSEUMS

Hands On! International Association of Children in Museums is an international professional organisation representing and advocating for its non-profit member institutions. It actively stimulates the creation and development of children's museums (including science centres, large collections-based institutions serving young visitors) and more space for cultural and educational activities for children and young people. Hands On! supports the important role of children's museums as centres where play inspires creativity, informal and lifelong learning.
